

Cafe Latte

A latte or café latte is a coffee drink consisting of espresso mixed with microfoam.

Microfoam is steamed milk with small, fine bubbles and a glossy or velvety consistency.

For our coffee at Lake Safari Lodge, we use a 1:4 ratio, so ristretto (30mls) or espresso (40mls) to 160mls of milk.

To make a latte on Espresso machine:

[Make an Espresso](#) - to see, click link

Add 160mls of milk

1. Add 160mls of milk to Jug
2. Steam milk to 65°C - no hotter!
3. Pour milk into ristretto or espresso

Here are examples of a latte
